ona mist aerosol

Destroy Odors Anywhere. Everywhere.

The ONA Mist aerosol cans are great for neutralizing odors in your home or office. They are so handy, you can stash them anywhere.

ONA Mist can be used on its own or with an automatic dispenser unit to permanently eliminate airborne odors.

ONA Mist comes conveniently packaged in aerosol cans for use wherever odors occur. The ONA Mist cans hold 170 grams or 6 ounces of ONA, and are small enough to store practically anywhere. ONA is very powerful and will neutralize odors in garages, restaurants, bathrooms, hotel rooms, kitchens, smoking rooms, or any place in your home or small business facility.

ONA is safe to use near children, pets or food because its constituents are organic. Use the same caution that you would with any other aerosol can and keep away from flame or other heat sources.

Available in three popular scents: Fresh Linen, Polar Crystal and the new ONA PRO Mist. When used with the dispenser (sold separately), Mist will release a burst of odor neutralizer for approximately one month at 7-minute intervals.

Ona permanently eliminates any airborne odors, cleanly and effectively. Ona is environmentally friendly, non-toxic and easy to use. Ona is an industrial strength odor neutralizer, yet can be safely used around people and pets. Everyone who uses it knows...ona works great to make those bad smells disappear. Pets, plants, garbage, smoke, germs, mildew - all are gone with the power of ONA.

The exciting new ONA PRO Mist - for "invisible" odor control, when Nothing is Everything.

ONA Mist in the popular Polar Crystal & Fresh Linen

Make Odor Problems Gone.

Eliminate them permanently with **ona**.
